

WEEE Compliance Policy

GLO-POL-071

1. Producer Requirements

Under the UK WEEE Regulations, Producers are required to mark all relevant Electrical and Electronic Equipment (EEE) with the crossed-out wheeled bin symbol to remind users not to dispose of WEEE through general household waste streams. Ovarro encourages customers to remain aware of this symbol and to avoid placing any WEEE in domestic waste containers.

Ovarro fulfils its Producer obligations by being registered as a Member of the Wastecare WEEE Producer Compliance Scheme. Our WEEE Producer Registration Number is: **WEE/BF1844YR**.

The Wastecare Compliance Scheme is operated by Wastecare Compliance Plc (Company Registration: 06043169) and is approved by the Environment Agency under registration number **WEE/MP3538PZ/SCH**.

As a B2B Producer under the UK WEEE Regulations, Ovarro allows for its customers and end users of the EEE placed on the market in the UK to return WEEE back to us free of charge on a like-for-like basis for new EEE purchased. Such WEEE can be returned to the following locations:

**Ovarro TS Ltd,
Rotherside Road
Eckington
Sheffield
S21 4HL**

Alternatively, contact Wastecare via email compliance@wastecare.co.uk or call 0330 331 1801 to arrange a collection.

2. Optional Collection Service

If customers prefer Ovarro to arrange collection of WEEE from their premises, this can be organised upon request. Charges apply for transportation to an Approved Authorised Treatment Facility (AATF) and for associated handling. These charges cover logistical costs only and do not include any costs relating to treatment or reprocessing of WEEE as defined under the Regulations.

Customers should ensure that WEEE is suitably packaged and accessible for safe collection.
